PROFESSIONAL EXPERIENCE

MEDICAL REGIONAL, FL

2010-Present

Consulting Pathologist, *Emergency Room Medicine*

Facilitate patient care in ER and Urgent Care, consulting with other medical practitioners to diagnose diseases and identify structural and functional changes to body tissue, fluids, secretions, and other specimens. Evaluate the presence and stage of diseases, utilizing laboratory procedures if necessary. Discuss cases with supervising physicians, creating consultative notes and daily progress notes. Work in a team environment, communicating and corresponding with nurses, occupational therapists, and social workers, resulting in the discharge planning of patients. Effectively communicate with patients and family members using clarity; update medical progress and develop discharge plans.

- Maintained clear charting and patient documentation including records of patient-encounter progress notes, treatment plans and consultation requests.
- Provided patients and their families with the information, guidance, and direction needed to maximize the outcomes of their medical care.
- Performed thorough clinical assessments, diagnosing patients and formulating treatment plans.

REGIONAL COMMUNITY MEDICAL, FL

2009-2011

Medical Director

Delivered leadership and medical expertise serving as an expert medical resource to the center. Worked closely and cooperatively with research centers. Developed clinical trial programs and provided medical and scientific input to product development teams. Spearheaded planning and leadership in the Medical department by ensuring that appropriate structures, systems, competencies, and values were developed. Cultivated informal networks with company senior management, updating them on a regular basis regarding developments within the Medical department and progress made with the clinical and regulatory programs. Directed budget planning, resource allocation, and preparation of quarterly reports. Ensured effective team communication throughout the department through the application of suitable reporting systems and structures and the identification and provision of training.

INDEPENDENT, FL

2006-2009

MEDICAL REGIONAL, TAMPA, FL

2002-2006

Pathologist

Demonstrated excellence in the field of Clinical and Anatomic Pathology, serving as member of a multidisciplinary team of physicians and scientists, with opportunity to collaborate in research and multidisciplinary case conferences. Delivered strong clinical and analytical skills, with the ability to interface with clinical staff. Specialist in driving and implementing laboratory procedures and operations. Championed role as **Laboratory Director**, satellite clinics and hospitals.

STATE REGIONAL MEDICAL CENTER, Tampa, FL

1997-2002

Pathologist / Laboratory Director / Infection Control Director

Also held role as **Member, Bioterrorism Committee**, Bass County. **Medical Director**, Employee Utilization Review.

ADDITIONAL EXPERIENCE**STATE UNIVERSITY, Nurse Practitioner Program**

2005-2009

Adjunct Professor

Engaged in various instructional techniques to generate interest and nursing student participation. Ensured achievement of learning outcomes by integrating theory, principles, standards, and concepts. Adapted to changes in schedule, team structure, assignment parameters, and organizational objectives. Excelled in student retention, relationship building, and assessments/evaluations. With oversight of learning outcomes, administered all aspects of curriculum planning, implementation, and assessments. Synergized and cultivated effective and collaborative working relationships.

CAREER NOTE:

Early roles as Pathologist, Laboratory Director for Medic Clinic, FL. Also served as **Member, Board of Directors** and **Executive Governing Committee, Corporate Secretary**. Taught at SU (State University) as a **Clinical Professor**. Worked at Mary Medical Center; Pathology Consultants and Brown County Coroner as a **Pathologist**. Served as **Medical Director** of Health Services Laboratories. Provided primary care at Medic Clinic, North West Miles, Florida Regional Hospital Emergency Room, and performed Locum Tenens work at Wish, FL; Tampa, FL; Key West, FL; and Hills, FL.
